

ATTENTION BOTTLE COLLECTORS

.....

Christchurch Bottle Collectors Club is going to produce a new updated bottle reference book. It will include colour and B&W photographs and go-withs like openers, labels etc. We will include bottles up to the 1970s. We will also include bottles from North and South Canterbury. Our book team is wanting to hear about any bottles that are not recorded in our previous book or company history relating to our cordial firms and breweries.
